Dear Chairman McCaul, Ranking Member Thompson, Chairman Meehan and
Ranking Member Clarke,

Thank you for your leadership on the issue of cybersecurity, and for your
recognition of the importance of the contribution that technological innovation and
a robust public-private partnership make to cybersecurity and to our Nation's
continued prosperity.

We commend you and your staff for the bipartisan work you have put into HR 3696,
the National Cybersecurity and Critical Infrastructure Protection act of 2013. We
appreciate your willingness to seek the input of stakeholders and are happy to
support the bill.

Thank you for your leadership on this and other important issues.

Sincerely,

Jason M. Mahler
Vice President, Government Affairs
