

**Former Defense Intelligence Agency Director Lieutenant General (Ret.)
Michael Flynn Statement of Support for McCaul-Warner Commission**

March 1, 2016

“I know first-hand the serious damage to our national security that has been caused by terrorists ‘going dark.’ We need the McCaul-Warner Commission to make sure we are prepared to protect our country in this new era—and to bring all sides together to protect both digital and national security.”

- Michael Flynn
